Low-level Concerns Policy

Written by Lorraine Squires Shaw (Director) November 2023

Review date November 2025

1.0 Purpose

- 1.1 This policy sets out a framework whereby staff are expected to report concerns, no matter how small, about their own behaviour or that of another member of staff, volunteer, supply teacher, contractor or other person working in NLT. Its purpose is to help create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour set out in the “Guidance for safer working practice for those working with children and young people in education settings” (2023) (sometimes called the safeguarding code of conduct) are lived, monitored, and reinforced.

These procedures should be followed in all cases in which there is an allegation or safeguarding concern that a person working with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

2.0 Who does the policy apply to?

- 2.1 This policy applies to all staff and other individuals who work or volunteer at NLT.

3.0 Definition of a low-level concern

- 3.1 A low-level concern is any concern, no matter how small, even if no more than causing a sense of unease or a ‘nagging doubt’, that a person working in or on behalf of NLT may have acted in a way that:
- is inconsistent with the “Guidance for safer working practice” (2023), including inappropriate conduct outside of work, and
 - does not meet the allegations threshold or is otherwise not considered serious enough to make a referral to the Local Authority Designated Officer (LADO). The Officer LADO is responsible for managing allegations against adults who work with children. This involves working with police, children's social care.

4.0 Reporting low-level concerns

Low Level Concerns Policy

- 4.1 Where a low-level concern has been identified this will be reported as soon as possible to the **DSL**. However, it is never too late to share a low-level concern if this has not already happened.
- 4.2 Where the DSL is not available, the information will be reported to the Deputy (ie the most senior member of SLT acting in this role).
- 4.3 Low-level concerns about the Designated Safeguarding Lead will be reported to the LADO. Low-level concern about a supply teacher or contractor will be reported to their employer.
- 4.4 Where the low-level concern has been reported to the Designated Safeguarding Lead, they will inform the Directors of the details as soon as possible.

5.0 Recording concerns

- 5.1 A summary of the low-level concern should be written down, signed, timed, dated and shared by the person bringing the information forward.
- 5.2 Where concerns are reported verbally to the DSL a record of the conversation will be made by the DSL which will be signed, timed, and dated.

6.0 Responding to low-level concerns

- 6.1 Where a low-level concern has been raised this will be taken seriously and dealt with promptly. The DSL will:
 - Speak to the person reporting the concern to gather all the relevant information
 - Speak to the individual about the concern raised to ascertain their response, unless advised not to do so by the LADO or Police (HR advice may also need to be taken).
 - Where necessary further investigation will be carried out to gather all relevant information. This may involve speaking to any potential witnesses.
 - The information reported and gathered will then be reviewed to determine whether the behaviour,
 - i) is consistent with the “Guidance for safer working practice for those working with children and young people in education settings” (Feb 2022): no further action will be required,
 - ii) constitutes a low-level concern: no further action is required, or additional training/guidance/support may be required to rectify the behaviour via normal day to day management processes. The employee should understand that failure to improve or a repeat of the behaviour may lead to further action being taken, e.g. either via Performance Management or Disciplinary.
 - iii) is serious enough to consult with or refer to the LADO: a referral should be made to the LADO and advice taken from HR. In this case the NLT’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
 - iv) when considered with any other low-level concerns that have previously been raised about the same individual, should be reclassified as an allegation and referred to the LADO or Police: a

referral should be made to the LADO and advice taken from HR. In this case NLT's Managing Allegations procedure within the Safeguarding Policy and Disciplinary Procedures will be followed.

- Records will be made of, i) all internal conversations including any relevant witnesses, ii) all external conversations eg with the LADO iii) the decision and the rationale for it, iv) any action taken.

7.0 Can the reporting person remain anonymous?

7.1 The person bringing forward the concern will be named in the written record. Where they request to remain anonymous this will be respected as far as possible. However, there may be circumstances where this is not possible e.g. where a fair disciplinary investigation is needed or where a later criminal investigation is required.

8.0 Should staff report concerns about themselves (i.e. self-report)?

8.1 It may be the case that a person finds themselves in a situation which could be misinterpreted, or might appear compromising to others; or they may have behaved in a manner which on reflection they consider falls below the standard set out in the "Guidance for safer working practice". In these circumstances they should self-report. This will enable a potentially difficult situation to be addressed at an early opportunity if necessary.

9.0 Where behaviour is consistent with the "Guidance for safer working practice" (2023)

9.1 Feedback will be given to both parties to explain why the behaviour was consistent with the "Guidance for safer working practice".

10.0 Should the low-level concerns file be reviewed?

10.1 The records will be reviewed periodically, and whenever a new low-level concern is added, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and referred to the LADO if required. A record of these reviews will be retained.

11.0 References

11.1 Low-level concerns will not be included in references unless a low-level concern, or group of concerns, has met the threshold for referral to the LADO and found to be substantiated.
