## 1 Introduction

1.1 New Leaf Triangle CIC fully recognises the contribution it can make to protect children and support pupils at New Leaf Triangle. The aim of the policy is to safeguard and promote our pupils' welfare, safety and health by fostering an honest, open, caring and supportive climate. The pupils' welfare is of paramount importance.

1.2 This policy is consistent with:

- the legal duty to safeguard and promote the welfare of children, as described in section 175 of the Education Act 2002 [or section 157 of the Education Act 2002 for independent schools and academies] and the statutory guidance "Keeping children safe in education – Statutory guidance for schools and colleges", September 2020 and "Working Together to Safeguard Children", 2018.
- the Leicestershire and Rutland Local Safeguarding Children Board (LSCB) Procedures, which contain procedures and guidance for safeguarding children;

1.3 There are four main elements to our Child Protection Policy:

- **Prevention** (e.g. positive New Leaf Triangle atmosphere, teaching and pastoral support to pupils, safer recruitment procedures);
- **Protection** (by following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to Child Protection concerns);
- **Support** (to pupils and New Leaf Triangle staff and to children who may have been abused);
- **Working with parents** (to ensure appropriate communications and actions are undertaken).

1.4 This policy applies to all staff, Management Committee members and visitors to New Leaf Triangle. We recognise that child protection is the responsibility of all staff. We will ensure that all parents and other working partners are aware of our child protection policy by mentioning it in our prospectus, displaying appropriate information on site and on the New Leaf Triangle website and by raising awareness at meetings with parents, as appropriate.

## 2 Safeguarding Commitment

2.1 For the purposes of this policy, safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;

- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

2.2 New Leaf Triangle adopts an open and accepting attitude towards children as part of its responsibility for pastoral care. Staff encourage children and parents to feel free to talk about any concerns and to see New Leaf Triangle as a safe place when there are difficulties. Children's worries and fears will be taken seriously and children are encouraged to seek help from members of staff.

2.3 At New Leaf Triangle we will therefore:

- establish and maintain an ethos where children feel secure and are encouraged to talk, and are listened to;
- ensure that children know that there are adults at New Leaf Triangle whom they can approach if they are worried or are in difficulty;
- include activities which equip children with the skills they need to stay safe from abuse (including online), and to know to whom they can turn for help;
- ensure every effort is made to establish effective working relationships with parents and colleagues from other agencies;
- where appropriate and necessary, if not covered in the child's school, include in the curriculum, activities and opportunities for PSHE / Citizenship / Relationships Education, Relationships and Sex Education and Health Education which equip children with the skills they need to stay safe from abuse (including online and other contexts children are in), and to know to whom they can turn for help; posters from Childline and NSPCC are displayed around New Leaf Triangle with contact details of who to contact if they need help.
- operate safer recruitment procedures and make sure that all appropriate checks are carried out on new staff and volunteers who will work with children, including identity, right to work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s.128). (see Keeping children safe in education part 3).

2.4 Safeguarding in the curriculum

Children are taught about safeguarding at New Leaf Triangle on a level that is suitable and appropriate for them.

The following areas are among those that may be addressed:

- Bullying/Cyberbullying
- Drugs, alcohol and substance misuse
- E Safety / Internet safety
- Stranger danger
- Fire and water safety

- Road safety
- Health education
- Domestic violence / Relationships / Sex / Consent
- so called Honour Based Abuse eg forced marriage, Female Genital Mutilation (FGM) (see Appendix 6),
- Sexual exploitation of children (CSE), including online
- Preventing Extremism and Radicalisation (see Appendices 4 and 5)

### **3 Roles and Responsibilities**

#### **3.1 General**

All adults working with or on behalf of children have a responsibility to safeguard and promote their welfare. This includes a responsibility to be alert to possible abuse and to record and report concerns to staff identified with child protection responsibilities at New Leaf Triangle.

The name of the Designated Safeguarding Lead for the current year is listed at the start of this document.

#### **3.2 Management Committee**

In accordance with the Statutory Guidance “Keeping children safe in education” September 2021, the Management Committee will ensure that:-

- New Leaf Triangle has a child protection/safeguarding policy, procedures and training in place which are effective and comply with the law at all times. The policy is made available publicly.
- New Leaf Triangle operates safer recruitment practices, including appropriate use of references and checks on new staff and volunteers. Furthermore, the directors have undertaken Safer Recruitment Training (see Appendix 8)
- there are procedures for dealing with safeguarding concerns and allegations of abuse against members of staff and volunteers (see Appendix 2).
- there is a senior member of the New Leaf Triangle’s leadership team who is designated to take lead responsibility for dealing with child protection (the “Designated Safeguarding Lead”) and there is always cover for this role with appropriate arrangements when needed.
- the Designated Safeguarding Lead undertakes effective Local Authority training (in addition to basic child protection training) and this is refreshed every two years. In addition to this formal training, their knowledge and skills are updated at regular intervals (at least annually) using safeguarding e-briefings etc.
- the Designated Safeguarding Lead and all other staff and volunteers who work with children (including early years practitioners within any settings on the school site),

undertake appropriate training which is regularly updated at least annually, (and more comprehensively, every three years in compliance with the Safeguarding Children Partnership protocol); and new staff and volunteers who work with children are made aware of New Leaf Triangle's arrangements for child protection and their responsibilities (including this policy, Part 1 of Keeping Children Safe in Education or Annex A, if appropriate), the pupil behaviour policy, the staff behaviour policy (code of conduct), the role of the Designated Safeguarding Lead and how to respond to children who go missing from education. The Local Authority Induction leaflet, ("Safeguarding in Education Induction – Child Protection Information, Safer Working Practice") will be used as part of the induction and Annex B from "Keeping children safe in education" 2021 is provided to all staff working directly with children.

- any deficiencies or weaknesses brought to the attention of the Management Committee will be rectified without delay.
- safeguarding concerns or any allegations of abuse made against the Proprietors of New Leaf Triangle (who are also Executive Directors of New Leaf Triangle), should be referred directly to the Local Authority **Safeguarding and Improvement Unit Service – see contacts above** in liaison with the Local Authority Allegations Manager (LADO).
- effective policies and procedures are in place and updated annually including a behaviour "code of conduct" for staff and volunteers - "Guidance for Safer Working Practice for those who work with children in education settings May 2019" (supplemented by the COVID-19 Addendum August 2020 – reviewed December 2021). Information is provided to the Local Authority (on behalf of the LSCB) through the Safeguarding Annual Return.
- there is an individual member of the Management Committee who will champion issues to do with safeguarding children and child protection within New Leaf Triangle, liaise with the Designated Safeguarding Lead, and provide information and compliance/monitoring reports to the Management Committee.
- New Leaf Triangle contributes to inter-agency working in line with statutory guidance "Working Together to Safeguard Children" 2018 including providing a co-ordinated offer of Early Help for children who require this. This Early Help may be offered directly through New Leaf Triangle provision or via referral to an external support agency (eg Supporting Leicestershire Families). Safeguarding arrangements take into account the procedures and practice of the local authority and the Local Safeguarding Children Board (LSCB).

### 3.3 Designated Safeguarding Lead (DSL) (Executive Director)

The DSL at New Leaf Triangle will ensure that:

- the policies and procedures adopted by the Management Committee are effectively implemented, and followed by all staff;

- sufficient resources and time are allocated to enable the Safeguarding Lead and other staff to discharge their responsibilities, including taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of children;
- allegations of abuse or concerns that a member of staff or adult working at New Leaf Triangle may pose a risk of harm to a child or young person are notified to the Local Authority Designated Officer, where the threshold is met.
- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and such concerns are addressed sensitively and effectively in a timely manner. The NSPCC whistle blowing helpline number is also available (0800 028 0285).
- All staff and volunteers are made aware that they have an individual responsibility to pass on safeguarding concerns and that if all else fails to report these directly to Children’s Social Care (Children’s and Family Specialist Services) or the Police.

The Designated Safeguarding Lead (or a Deputy) will always be available for staff to discuss any safeguarding concerns. The responsibilities of the DSL are found in Annex C of “Keeping children safe in education”. The DSL is a senior member of staff on the senior leadership team and the role is explicit in their job description. Responsibilities include:

- **Managing referrals** – to the local authority children’s social care, to the Channel programme, to the Disclosure and Barring Service for staff dismissed for safeguarding concerns (as required), to the Police where a crime may have been committed
- **Working with others** – to act as a source of support and advice, to act as a point of contact for the safeguarding partners, to liaise with the headteacher or principal about issues especially to do with ongoing enquiries under section 47 of the Children Act 1989 and police investigations, to liaise with staff when deciding to make a referral to relevant agencies so that children’s needs are considered holistically, to liaise with the senior mental health lead, to promote supportive engagement with parents and carers, to take the lead in promoting educational outcomes for children in need and those with a social worker, to liaise with the Governing Body and the Local Authority on any deficiencies brought to the attention of the Governing Body and how these should be rectified without delay
- **Information sharing and managing safeguarding files** – keeping files confidential, secure and up to date, in a separate file for each child, including a clear and comprehensive summary, detailing how the concern was followed up and resolved, with a note of actions, decisions and the outcome, sharing information as required to safeguard children and transferring records and other relevant information to the new school within 5 days or in advance if necessary

- **Raising Awareness** – ensuring each member of staff and volunteer understands the child protection policy which is reviewed at least annually, making it available publicly, ensuring staff have access to relevant training and induction, promoting educational outcomes by sharing relevant information about vulnerable children
- **Training, knowledge and skills** – to undergo DSL training every two years (updating at least annually via bulletins etc) and to attend Prevent awareness training, in order to understand assessment and referral processes, to contribute effectively to child protection conferences including the importance of sharing information, to understand the lasting impact that adversity and trauma can have on children and how to respond to this, to be alert to children with specific needs eg SEND, those with health conditions and young carers, to understand the unique risks associated with online safety
- **Providing support to staff** – to help them feel confident on welfare, safeguarding and child protection matters, to provide support in the referral process if required and to help them to understand that safeguarding and educational outcomes are linked
- **Understanding the views of children** – encouraging a culture of listening to children and taking account of their wishes and feelings in measures taken to protect them and understanding the difficulties children may have in approaching staff about their circumstances
- **Holding and sharing information** – sharing with safeguarding partners, other agencies and professionals and transferring records between schools and colleges in accordance with data protection legislation, keeping detailed, accurate and secure written records and understanding the purpose of this

## 4 Records, Monitoring and Transfer

- 4.1 Well-kept records are essential to good child protection practice. All staff are clear about the need to record and report concerns about a child or children within the school. Records of concerns are written down (*or typed*), signed (*including electronically*) and dated and passed immediately to the Designated Safeguarding Lead (or a Deputy). Injuries should be marked on a body map. The Designated Safeguarding Lead is responsible for such records and for deciding at what point these records should be shared with other agencies (in accordance with the Data Protection Act 2018 and GDPR principles).
- 4.2 Records relating to actual or alleged abuse or neglect are stored apart from normal pupil or staff records. Normal records sometimes have markers to show that there is sensitive material stored elsewhere. This is to protect individuals from accidental access to sensitive material by those who do not need to know.
- 4.3 Child protection records are stored securely, with access confined to specific staff, eg Designated Safeguarding Lead.

- 4.4 Child protection records are reviewed regularly to check whether any action or updating is needed. This includes monitoring patterns of complaints or concerns about any individuals and ensuring these are acted upon. A case file chronology, summarizing case activity and significant events in the child's life, helps to enable effective monitoring. Any actions taken are clearly indicated.
- 4.5 When children transfer school their safeguarding records are also transferred within 5 days of them starting. Safeguarding records will be transferred separately from other records and best practice is to pass these directly to a Designated Safeguarding Lead in the receiving school or 6<sup>th</sup> form / FE college, with any necessary discussion or explanation and to obtain a signed and dated record of the transfer. Where a child needs specific ongoing support, relevant information will be transferred prior to the child arriving at their new school. In the event of a child moving out of area and a physical handover not being possible then the most secure method should be found to send the confidential records to a named Designated Safeguarding Lead and a photocopy kept until receipt is confirmed. Files requested by other agencies eg Police, are copied.

## **5 Support to pupils and New Leaf Triangle staff**

### **5.1 Support to pupils (including those about whom there are mental health concerns)**

New Leaf Triangle recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and view their lives in a positive way and that this is likely to adversely impact their mental health and emotional well-being. Children may be vulnerable because, for instance, they have an allocated social worker, have a disability, are in care, a care-leaver or previously looked after, or are experiencing some form of neglect. It is therefore important that staff recognize that mental health concerns can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. For such children school may be one of the few stable, secure and predictable components of their lives. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following this policy and speaking to the designated safeguarding lead or a deputy. NLT seeks to remove any barriers that may exist in being able to recognise abuse or neglect in pupils with Special Educational Needs, disabilities or physical health issues. We will seek to provide such children with the necessary support to build their self-esteem and confidence, helping them to secure the very best educational outcomes they are able to achieve. The context in which safeguarding incidents and/or behaviours occur, whether in school or within or outside the home (including online), will be considered by staff, particularly the DSL and Deputy DSLs. Any associated threats or risks will be

included in assessments and relevant information included in referrals to Children's Social Care. General indicators of abuse and neglect (from Part 1 of the statutory guidance) are also included in Appendix 7 of this policy and further information about specific forms of abuse are contained within Appendix B of the statutory guidance, "Keeping Children Safe in Education".

## 5.2 Peer on peer/child on child abuse

We recognise that children sometimes display harmful behaviour themselves and that even if there are no reports, it may still be happening. At New Leaf, all children have 1:1 support and very close supervision so this helps to reduce the opportunity for peer on peer abuse. Incidents or allegations will be referred on for appropriate support and intervention. Such abuse is unacceptable and will not be tolerated at all or passed off as "banter", "just having a laugh" or "part of growing up". This abuse could for example include sexual violence and sexual harassment, "upskirting", initiation/hazing type violence, all forms of bullying, abuse in intimate relationships between peers, consensual and non-consensual sharing of indecent images, causing someone to engage in sexual activity without consent and physical violence (eg hitting, kicking, shaking, biting, hair pulling, etc). This may be experienced by both boys and girls, however, girls are more likely to be the victims and boys perpetrators. We address these concerns through;

- NLT Anti-bullying Policy
- "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance)
- DfE guidance "Sexual violence and sexual harassment between children in schools and colleges" and Part 5 of "Keeping children safe in education".

Children will be encouraged to report to a trusted adult at NLT all incidents of peer on peer abuse wherever it may have happened and will be taught about alternative ways of doing this both at NLT and elsewhere. They will always be taken seriously and never given the impression that they are creating a problem by reporting their concern or made to feel ashamed. Where an incident has occurred or specific risks are identified, the details will be added to a safeguarding or behaviour record for the children concerned and a thorough investigation conducted by the DSL. A written risk assessment will be undertaken by the DSL in order to minimise the risk of further harm and to ensure the safety of all staff and pupils. Parents or carers of the children involved will be informed as soon as it is appropriate to do so. Support plans will be written and help offered, by different adults at NLT (to avoid a possible conflict of interest), to the alleged victim, the child or young person accused and any other children involved. A referral to any relevant outside agency will be made eg Police or Social Care.

The following steps will be taken to minimise the risk of peer on peer abuse:

- Staff training to ensure an understanding of what it is and how to recognise signs
- Promotion of a supportive environment by teaching about acceptable and unacceptable behaviours (including online) in the wider curriculum eg RSHE
- Appropriate staff supervision of pupils, all NLT individuals are supervised on a 1-1 basis.

### 5.3 Online safety

We recognise that technology is a significant component in many safeguarding and wellbeing issues and that children are at risk of abuse online as well as face to face. Some children may use mobile and smart technology, whilst at school and outside of school, to sexually harass their peers, share indecent images (consensually and non-consensually) and view and share pornography and other harmful content. Many children have unrestricted access to the internet via their mobile phones and our online safety policy describes the rules governing their use at NLT. It also sets out our response to incidents which may involve one or more of the four areas of risk – content, contact, conduct and commerce. Online safety is a consideration running through the planning and implementation of all relevant policies and procedures. Staff will always respond if informed that children have been involved in sharing indecent images. The DfE guidance “Sharing nudes and semi-nudes: advice for education settings working with children and young people” (Dec 2020) will be used to guide the school’s response on a case by case basis.

The key points for staff being:-

- Report immediately to the DSL
- Never view, copy, print, share, store or save the imagery, or ask a child to share or download – this is illegal.
- If you have already viewed the imagery by accident (eg if a young person has showed it to you before you could ask them not to), report this to the DSL (or equivalent) and seek support.
- Do not delete the imagery or ask the young person to delete it.
- Do not ask the child/children or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL (or equivalent).
- Do not share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.
- Do not say or do anything to blame or shame any young people involved.
- **Do** explain to them that you need to report it and reassure them that they will receive support and help from the DSL (or equivalent).

### 5.4 Sexual violence and sexual harassment

Sexual violence refers to sexual offences as described under the Sexual Offences Act 2003 including rape and sexual assault. Sexual harassment is ‘unwanted conduct of a sexual nature’ that can occur online and offline and may include sexual name-calling, taunting or “jokes” and physical behaviour, for example, deliberately brushing against someone or interfering with clothes. ‘Upskirting’ is also a criminal offence (under the Voyeurism (Offences) Act 2019) and typically involves taking a picture under a person’s clothing (not necessarily a skirt) without them knowing, in order to obtain sexual gratification or to cause humiliation, distress or alarm (anyone of any gender can be a victim). Evidence shows that girls, children with SEND and LGBT children are more likely to be the victims of sexual violence and harassment and boys are more likely to be the perpetrators. However, sexual violence and sexual harassment can occur between children of any gender.

## **Curriculum**

- PHSE and Relationships, Sex and Health Education will include personal privacy, respect and consent so that children will have a better understanding of how to behave towards their peers including online. This will be taught alongside other safeguarding issues as set out in the DfE statutory guidance “Relationships Education, Relationships and Sex Education (RSE) and Health Education” . This will be appropriate to pupils’ age and stage of development. It will also be underpinned by the school’s behaviour policy and pastoral support system.

## **Responding to an incident**

- New Leaf will follow the DfE guidance, ‘Sexual violence and sexual harassment between children in schools and colleges’, September 2021.
- Relevant staff will liaise with the police, social care and parents as appropriate.
- Support will be offered to both the alleged victim(s) and child(ren) accused. Parents will be included in discussions about the format that this support will take.

### **5.5 Children Missing (including absence from school)**

New Leaf recognises the entitlement that all children have to education and will work closely with the local authority to share information about pupils who may be missing out on full time education or who go missing from education. The local authority will also be informed where children are to be removed from the school register a) to be educated outside the school system; b) for medical reasons; c) because they have ceased to attend; d) because they are in custody; d) because they have been permanently excluded. We also recognise that when children go missing this is a sign that they may have been targeted by perpetrators of Child Sexual Exploitation and/or drug related criminals (County Lines). Children may also be groomed into participating in other forms of criminal exploitation including cybercrime, serious violence and violent crime. Children who attend an alternative education provision or have an agreed reduced timetable are more likely to be vulnerable to these forms of exploitation.

### **5.6 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)**

These are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. CSE and CCE can affect both males and females and can include children who have been moved (trafficked) for the purpose of exploitation. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted - exploitation, as well as being physical, can be

facilitated and/or take place online. CSE can include 16 and 17 year olds who can legally consent to sex but they may not realise they are being exploited eg they believe they are in a genuine romantic relationship. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point or are targeted by criminals involved in the illegal supply of drugs (County Lines) and serious violent crime. 'County Lines' involves drug networks or individuals exploiting children and young people into carrying drugs and money between cities, towns and villages. Serious violent crime can be associated with this form of criminal activity together with child sexual exploitation. Children may also be exploited into committing cybercrime or money laundering offences and organised criminal groups or individuals may exploit children and young people with enhanced computer skills to access digital networks and/or data for criminal and financial gain. Children with bank accounts may be persuaded to allow criminals to use their banking facilities to launder money. CCE can also involve working in cannabis factories, shoplifting or pickpocketing and may involve coercing children to commit vehicle crime or serious violence towards others. It is important to note that the experience of girls can be very different to that of boys but girls are also at risk. Criminal exploitation of children is a form of harm that can affect children in both a physical environment and online. Staff training includes raising awareness of these issues and any concerns are passed to the Designated Safeguarding Lead who will make a risk assessment and refer to Local Authority First Response Children's Duty if appropriate.

## **5.7 Serious violence**

This is associated with a number of risk indicators in children including increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries. Staff will be made aware of these and of the other risk factors which increase the likelihood of involvement in serious violence, including, being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery. Staff training will raise awareness to these risks and any concerns will be passed to the Designated Safeguarding Lead to co-ordinate a safeguarding response.

## **5.8 So-called 'honour-based' abuse**

This encompasses crimes which have been committed to protect or defend the so-called "honour" of the family and/or the community, including Female Genital Mutilation (FGM) (see appendix 6), forced marriage, and practices such as breast ironing. All forms of so called Honour Based Abuse are abuse (regardless of the motivation) and concerns will be passed to the Designated Safeguarding Lead for onward referral as required.

## **5.9 Modern slavery and human trafficking**

This can take on many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Children may be trafficked into the UK from abroad or moved around the country. Staff need to be aware of indicators

which include, but not limited to, neglect, isolation, poor living conditions, having few personal belongings and a lack of trust and reluctance to seek help. Staff will refer any concerns to the DSL without delay who will take action and also refer victims to the National Referral Mechanism ([www.gov.uk](http://www.gov.uk)).

#### **5.10 Private fostering arrangements**

Where a child under 16 (or 18 with a disability) is living with someone who is not their family or a close relative for 28 days or more, staff must inform the Designated Safeguarding Lead so that a referral to Children's Social Care for a safety check, can be made. (A close relative includes step-parent, grandparents, uncle, aunt or sibling).

#### **5.11 Complaints or concerns**

Complaints or concerns raised by parents or pupils will be taken seriously and followed up in accordance with New Leaf Triangle's complaints process.

#### **5.12 Support for Staff**

As part of their duty to safeguard and promote the welfare of children and young people staff may hear information, either from the child/young person as part of a disclosure or from another adult, that will be upsetting. Where a member of staff is distressed as a result of dealing with a child protection concern, he/she should in the first instance speak to the Designated Safeguarding Lead about the support they require. The Designated Safeguarding Lead should seek to arrange the necessary support.

### **6 Working with parents/carers**

New Leaf Triangle will:

- ensure that parents/carers have an understanding of the responsibility placed on New Leaf Triangle and staff for child protection by setting out its obligations in the New Leaf Triangle prospectus.
- undertake appropriate discussion with parents/carers prior to involvement of Children & Family Services Children's Social Care or another agency, unless to do so would place the child at risk of harm or compromise an investigation.

### **7 Other Relevant Policies**

- 7.1 The Governing Body's statutory responsibility for safeguarding the welfare of children goes beyond simply child protection. The duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Positive Behaviour Support Policy
- Staff Code of Conduct and Personal Conduct Policy
- Anti-Bullying (including Cyberbullying)
- Physical Interventions/Restraint - DfE Guidance on “Use of Reasonable Force”
- Health and Safety
- Inclusion and Equality
- Toileting/Intimate care

The above list is not exhaustive but when undertaking development or planning of any kind New Leaf Triangle will consider the implications for safeguarding and promoting the welfare of children.

## **8 Recruitment and Selection of Staff**

- 8.1 New Leaf Triangle’s safer recruitment processes follow the Statutory Guidance: *Keeping children safe in education September 2020, Part Three: Safer recruitment*. See also Appendix 8, Safer Recruitment Policy
- 8.2 New Leaf Triangle will provide all the relevant information in references for a member of staff about whom there have been safeguarding concerns about child protection / inappropriate conduct. Cases in which an allegation has been proven to be unsubstantiated, unfounded, false or malicious will not be included in employer references. A history of repeated safeguarding concerns or allegations which have all been found to be unsubstantiated, malicious etc. will also not be included in a reference.
- 8.3 New Leaf Triangle has an open safeguarding ethos regularly addressing safeguarding responsibilities during staff meetings and fostering an ongoing culture of vigilance. All new staff and volunteers receive a safeguarding induction and are briefed on the code of conduct for adults working with children. The Leicestershire County Council induction leaflet is given to all staff and is the basis for the safeguarding induction.
- 8.4 In line with statutory requirements, every interview panel for New Leaf Triangle staff will have at least one member who has undertaken safer recruitment training.
- 8.5 Staff and volunteers who provide early years or later years childcare and any managers of such childcare are covered by the disqualification regulations of the Childcare Act 2006 and are required to declare relevant information - see statutory guidance: Disqualification under the Childcare Act 2006 (last updated August 2018).

## **APPENDIX 1**

### **Procedure to Follow in Cases of Possible, Alleged or Suspected Abuse, or Serious Cause For Concern about a Child**

#### **Contents**

<b>A</b>	<b>General</b>	
<b>B</b>	<b>Individual Staff/Volunteers/Other Adults - main procedural steps</b>	
<b>C</b>	<b>Designated Safeguarding Lead – main procedural steps</b>	

#### **A. General**

- 1) The Leicestershire and Rutland Safeguarding Children Partnership Procedures contain the inter-agency processes, protocols and expectations for safeguarding children. (Available on the website [www.lrsb.org.uk](http://www.lrsb.org.uk): The Designated Safeguarding Lead is expected to be familiar with these, particularly the indicators of abuse and neglect and the referral processes.
- 2) It is important that all parties act swiftly and avoid delays.
- 3) Any person may seek advice and guidance from the First Response Children's Duty Professionals Consultation Line, particularly if there is doubt about how to proceed. Any adult, whatever their role, can take action in his/her own right to ensure that an allegation or concern is investigated and can report to the investigating agencies.
- 4) A record, dated (including the day and time) and signed, must be made as to what has been alleged, noticed and reported, and kept securely and confidentially.
- 5) In many cases of concern there will be an expectation that there have already been positive steps taken to work with parents and relevant parties to help alleviate the concerns and effect an improvement for the child. This is appropriate where it is thought a child may be in need in some way, and require assessment to see whether additional support and services are required. An example might be where it is suspected a child may be the subject of neglect. In most cases the parents' knowledge and consent to the referral are expected, unless there is reason for this not being in the child's interest. However, there will be circumstances when informing the parent/carer of a referral might put the child at risk and/or undermine Police enquiries, and in individual cases, advice from Children's Social Care will need to be taken.

#### **B. Individual Staff/Volunteers/Other Adults – main procedural steps**

- 1) When a child makes a disclosure, or when concerns are received from other sources, do not investigate, ask leading questions, examine children, or promise confidentiality. Children making disclosures should be reassured and if possible at this stage should be informed what action will be taken next.

- 2) As soon as possible make a dated (including the day), timed and signed record of what has been disclosed or noticed, said or done and report to the Designated Safeguarding Lead in the school.
- 3) If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or another young person or child, the Headteacher must be informed.
- 4) If the safeguarding concern or allegation is about the Headteacher/Director, the information should be passed to the Local Authority Allegations Manager (LADO).
- 5) If this has not already been done, inform the child (or other party who has raised the concern) what action you have taken.

### **C. Designated Safeguarding Lead – main procedural steps**

- 1) Begin an individual case file for each child involved which will hold a record of communications and actions to be stored securely (see section on Records, Monitoring and Transfer). Include a chronology of case activity.
- 2) Where initial enquiries do not justify a referral to the investigating agencies, inform the initiating adult and monitor the situation. If in doubt, seek advice from the First Response professionals consultation line.
- 3) Share information confidentially with those who need to know.
- 4) Where there is a child protection concern requiring immediate, same day, intervention from Children's Social Care, the First Response Children's Duty should be contacted by phone (contact the local authority Children's Services where the child lives). Written confirmation should be made within 24 hours on the Multi-Agency Referral Form to Children's Social Care. All other referrals should be made using the online form (see link <http://lrsb.org.uk/childreport>).
- 5) If the concern is about children using harmful sexual behaviour, also refer to the separate guidance, "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance).
- 6) If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents must be informed that the child has been taken to hospital.
- 7) Exceptional circumstances: If it is feared that the child might be at immediate risk on leaving New Leaf premises, take advice from the First Response Professionals Consultation line (for instance about difficulties if the day has ended, or on whether to contact the police). Remain with the child until the Social Worker takes responsibility. If in these circumstances a parent arrives to collect the child, the member of staff has no right to withhold the child, unless there are current legal restrictions in force (eg a restraining order). If there are clear signs of physical risk or threat, First Response Children's Duty should be updated and the Police should be contacted immediately.

## **APPENDIX 2**

### **Process for Dealing with Safeguarding Concerns or Allegations against Staff and Volunteers**

These procedures should be followed in all cases in which there is an allegation or safeguarding concern that a person working with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

There is also a school “Low-level concerns policy” which should be followed if the concern does not meet the allegations threshold above or is not considered serious enough to make a referral to the LADO.

Relevant documents:

- DfE “Keeping children safe in education: Statutory guidance for schools and colleges” (part 4: Allegations made against/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors)

#### **1) Individual Staff/Volunteers/Other Adults who receive the allegation:**

- i. Write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Report immediately to the Designated Safeguarding Lead (Executive Director)
- iii. Pass on the written record.
- iv. If the allegation or safeguarding concern is about the conduct of the Executive Directors, report immediately to Allegations Manager (LADO), Safeguarding and Improvement. Pass on the written record.

#### **2) Designated Safeguarding Lead (Executive Director)**

- i. If there is no written record, write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Before taking further action notify and seek advice from the Allegations Manager (LADO), Safeguarding and Improvement Unit on the same day.
- iii. You may be asked to clarify details or the circumstances of the allegation, but this must not amount to an investigation at this stage.

- iv. Report to First Response Children's Duty if the Allegations Manager (LADO) so advises or if circumstances require a referral concerning a child.
- v. Ongoing involvement in cases:
  - Liaison with the Allegations Manager (LADO)
  - Co-operation with the investigating agency's enquiries as appropriate (including working closely with the employment agency in the case of supply teachers).
  - Consideration of employment issues and possible disciplinary action where the investigating agencies take no further action.
  - Possible referral to the DBS or The Teaching Regulation Agency, depending on the outcome.

## **APPENDIX 3**

### **Low-level Concerns Policy**

#### **1.0 Purpose**

- 1.1 This policy sets out a framework whereby staff are expected to report concerns, no matter how small, about their own behaviour or that of another member of staff, volunteer, contractor or other person working in New Leaf Triangle. Its purpose is to help create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour set out in the “Guidance for safer working practice for those working with children and young people in education settings” (May 2019) (sometimes called the safeguarding code of conduct) are lived, monitored, and reinforced.
- 1.2 The policy should be read in conjunction with the current statutory guidance – “Keeping Children Safe in Education” Part 4, Section 2.

#### **2.0 Who does the policy apply to?**

- 2.1 This policy applies to all staff and other individuals who work or volunteer at New Leaf Triangle

#### **3.0 Definition of a low-level concern**

- 3.1 A low-level concern is any concern, no matter how small, even if no more than causing a sense of unease or a ‘nagging doubt’, that a person working in or on behalf of the school may have acted in a way that:
  - is inconsistent with the “Guidance for safer working practice” (May 2019), including inappropriate conduct outside of work, and
  - does not meet the allegations threshold or is otherwise not considered serious enough to make a referral to the LADO

#### **4.0 Reporting low-level concerns**

- 4.1 Where a low-level concern has been identified this will be reported as soon as possible to the **DSL**. However, it is never too late to share a low-level concern if this has not already happened.
- 4.2 Where the DSL is not available, the information will be reported to the Deputy DSL.
- 4.3 Low-level concerns about the Designated Safeguarding Lead will be reported to the LADO.

#### **5.0 Recording concerns**

- 5.1 A summary of the low-level concern should be written down, signed, timed, dated and shared by the person bringing the information forward.
- 5.2 Where concerns are reported verbally to the DSL a record of the conversation will be made by the DSL which will be signed, timed, and dated.

#### **6.0 Responding to low-level concerns**

- 6.1 Where a low-level concern has been raised this will be taken seriously and dealt with promptly. The DSL will:
  - Speak to the person reporting the concern to gather all the relevant information

- Speak to the individual about the concern raised to ascertain their response, unless advised not to do so by the LADO or Police (HR advice may also need to be taken).
- Where necessary further investigation will be carried out to gather all relevant information. This may involve speaking to any potential witnesses.
- The information reported and gathered will then be reviewed to determine whether the behaviour,
  - (i) is consistent with the “Guidance for safer working practice for those working with children and young people in education settings” (May 2019): no further action will be required,
  - (ii) constitutes a low-level concern: no further action is required, or additional training/guidance/support may be required to rectify the behaviour via normal day to day management processes. The employee should understand that failure to improve or a repeat of the behaviour may lead to further action being taken, eg either via the Performance Management Policy or Disciplinary Policy.
  - (iii) is serious enough to consult with or refer to the LADO: a referral should be made to the LADO and advice taken from HR. In this case the school’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
  - (iv) when considered with any other low-level concerns that have previously been raised about the same individual, should be reclassified as an allegation and referred to the LADO or Police: a referral should be made to the LADO and advice taken from HR. In this case the school’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
- Records will be made of, i) all internal conversations including any relevant witnesses, ii) all external conversations eg with the LADO iii) the decision and the rationale for it, iv) any action taken

## **7.0 Can the reporting person remain anonymous?**

7.1 The person bringing forward the concern will be named in the written record. Where they request to remain anonymous this will be respected as far as possible. However, there may be circumstances where this is not possible eg where a fair disciplinary investigation is needed or where a later criminal investigation is required.

## **8.0 Should staff report concerns about themselves (ie self-report)?**

8.1 It may be the case that a person finds themselves in a situation which could be misinterpreted, or might appear compromising to others; or they may have behaved in a manner which on reflection they consider falls below the standard set out in the “Guidance for safer working practice”. In these circumstances they should self-report. This will enable a potentially difficult situation to be addressed at an early opportunity if necessary.

## **9.0 Where behaviour is consistent with the “Guidance for safer working practice” (May 2019)**

9.1 Feedback will be given to both parties to explain why the behaviour was consistent with the “Guidance for safer working practice”.

## **10.0 Should the low-level concerns file be reviewed?**

10.1 The records will be reviewed periodically, and whenever a new low-level concern is added, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and referred to the LADO if required. A record of these reviews will be retained.

#### **11.0 References**

11.1 Low-level concerns will not be included in references unless a low-level concern, or group of concerns, has met the threshold for referral to the LADO and found to be substantiated.

#### **12.0 What is the role of the Board of management?**

12.1 The DSL will regularly inform the Board of management about the implementation of the low-level concerns policy including any evidence of its effectiveness eg with relevant data. The Board of management may also review an anonymised sample to ensure that these concerns have been handled appropriately.

## **APPENDIX 4**

### **Safeguarding pupils who are vulnerable to extremism and radicalisation**

New Leaf Triangle recognises the duties placed on us by the Counter Terrorism Bill (July 2015) to prevent our pupils being drawn into terrorism.

These include:

- assessing the risk of pupils being drawn into terrorism (see Appendix 5)
- working in partnership with relevant agencies (including making referrals) under the Safeguarding Children Partnership procedures
- appropriate staff training
- appropriate online filtering

New Leaf Triangle is committed to actively promoting the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs. The pupils are encouraged to develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

There is a current threat from terrorism in the UK and this can include the exploitation of vulnerable young people, aiming to involve them in terrorism or to be active in supporting terrorism.

New Leaf Triangle seeks to protect children and young people against the messages of all violent extremism including but not restricted to those linked to Islamist Ideology, Far Right / Neo Nazi / White Supremacist ideology etc. Concerns should be referred to the Designated Safeguarding Lead who has local contact details for the Prevent Engagement Team (Police) and Channel referrals. They will also consider whether circumstances require Police to be contacted urgently.

**APPENDIX 5**

**Radicalisation and Extremism Risk Assessment**

School/Alternative Provider (AP) .....

	Yes/No	Evidence
Does the school/AP have a policy?		
Does the school/AP work with outside agencies on radicalisation and extremism eg Channel?		
Have staff received appropriate training?		
Has the school/AP got a trained Prevent lead?		
Do staff know who to discuss concerns with? (DSL)		
Is suitable filtering of the internet in place?		
Do children know who to talk to about their concerns?		
Are there opportunities for children to learn about radicalisation and extremism?		
Have any cases been reported?		
Are individual pupils risk assessed?		
What factors make the school/AP community potentially vulnerable to being radicalised? (e.g. EDL local base, extreme religious views promoted locally, tensions between local communities, promotion of radical websites by some students/parents)		
Comment on the school/AP's community, locality and relevant history		
Risk evaluation	<b>Low</b>  <b>Medium</b>  <b>High</b>	Way Forward

Date completed..... Signed.....

## **APPENDIX 6**

### **Female Genital Mutilation**

Section 5B of the Female Genital Mutilation Act 2003 and section 74 of the Serious Crime Act 2015 places a mandatory duty on teachers along with social workers and healthcare professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18 or where a girl discloses that she has undergone FGM. The school's response to FGM will take into account the government guidance, "Multi-agency statutory guidance on female genital mutilation" updated October 2018. Staff will also follow the established safeguarding procedure by reporting any such concerns to the Designated Safeguarding Lead and a report must also be made to the Police.

There will be a considered safeguarding response towards any girl who is identified as being at risk of FGM (eg there is a known history of practising FGM in her family, community or country of origin) which may include sensitive conversations with the girl and her family, sharing information with professionals from other agencies and/or making a referral to Children's Social Care. If the risk of harm is imminent there are a number of emergency measures that can be taken including police protection, an FGM protection order and an Emergency Protection Order.

## APPENDIX 7

### **Indicators of abuse and neglect**

Abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

## **APPENDIX 8**

### **Safer Recruitment Policy**

The steps we take as part of our safer recruitment practices are:

#### **Advertising and Inviting Applications:**

- All advertisements for posts include a clear job description, person specification and standard application for completion.
- The application form includes advices that the role is subject to enhanced DBS checks, overseas criminal checks (where applicable) and that convictions spent or unspent must be declared
- We advise at this stage that future appointees will need to register with the online DBS update service so that regular checks can be made.
- All applicants must include details of two referees and advised that references will be sought for any successful candidates

#### **Invitation to Interview and Conducting the Interview:**

- Only candidates who fully complete and sign the declaration on the application form will be invited to interview.
- We adhere fully to the Equality Act 2010 in making interview and recruitment decisions based on suitability for the role regardless of personal or protected characteristics
- We interview all candidates face to face on our site. We ask standard questions, recording all responses and decisions.

#### **Offer and Acceptance of Role:**

- All offers are subject to two full references being received and verified before the role can commence.
- All offers are subject to an enhanced DBS check to be completed before the role can commence.
- All received references are verified by a phone call to the number provided on the original application to assure the identity of the referee, and the validation of the information included.

#### **Induction and Probation Period:**

- All recruited staff must attend a minimum of two days of induction before commencing the role. The induction includes, among other things, an initial Health and Safety Briefing and initial Safeguarding Training.
- All staff must read and agree to adhere to, a range of staff policies as part of their induction.
- All Staff are subject to a probationary period in their role which is subject to regular review before confirmation of the post continuing.
